

**TOWN OF TUXEDO
COMMUNITY POWER
PROGRAM**

WHAT IS COMMUNITY CHOICE AGGREGATION (CCA)?

CCA programs enable municipalities to leverage the buying power of a large group – thousands of households - to negotiate competitive rates for residents and small businesses.

BENEFITS OF CCA

Support for Clean Energy

Competitive, Fixed Rates

Strong Consumer Protection

More choice for consumers

A scenic view of a river flowing through a forest. The river is surrounded by large, dark rocks and lush green trees. The water is clear and flows over the rocks, creating a small waterfall. The text is overlaid on the center of the image.

Rates Options

• **50% NYS Renewable Option:** 50% of your electricity supply is matched by Renewable Energy Certificates (RECs) provided by New York State renewable power plants (hydropower, wind, solar). The remaining 50% is matched by RECs sourced from other U.S. Renewable electricity sources. The 50% Renewable Option is not counted as 100% renewable by New York State.

• **100% NY Renewable Option:** 100% of your electricity supply is matched by Renewable Energy Certificates (RECs) provided by New York State renewable power plants (hydropower, wind, solar).

Frequently Asked Questions

- **Does this program impact the reliability of your electricity?**

No, your utility continues to deliver your electricity and provides the same service whether you participate in the program or not.

- **What if you want to change your supply choice?**

Once the program launches, you may call the helpline or fill out the Enrollment/Change form on the website to change your supply selection, opt-out, or opt back into the program, with no fees or penalties.

Frequently Asked Questions

- **Do you have to stay in the program the entire time?**

No, you may opt-out or opt back in at any time with no fees or penalties.

- **Can you participate if you have your own solar panels or if you participate in community solar?**

Yes, even if you use solar power, you are still required to have a supplier on your O&R bill to cover any electricity not provided by your solar.

- **What happens when the program ends?**

When the contract ends, your municipality may choose to renew participation in the program. If not, you will automatically switch back to O&R selecting your supply on your behalf.
