

MAYOR'S MONTHLY MESSAGE-JUNE 2025

Dear Neighbors,

-Congratulations to Joshua Scherer on his re-election to a third term as Village Trustee; to Matt Tinari on his election as a Village Trustee and to Judge David V. Hasin on re-election to his third four year term as Village Justice. In addition, the Proposition changing the Village election date to November passed overwhelmingly. As such, the next Village election will be held on November 3, 2026. I would like to thank all 200 Village voters who took the time to cast their ballots. I am also honored by the support that I received in my own bid for re-election.

-Stephanie Staal of Eagle Mountain Road has been appointed Associate Village Justice. Stephanie is an experienced attorney working in NYS Court System for the Appellate Division in Manhattan. She is also a published author.

-On June 10, 2025, a daytime burglary took place at a home on Pepperidge Road. The homeowner had left the house only briefly, at which time the unlawful entry occurred. The TPPD and the NYS Police have conducted an investigation which included dusting for fingerprints, seeking camera footage from adjacent properties and interviewing neighbors. At the Board of Trustees meeting on June 18, Police Chief Allen Faust spoke about residents being aware of the need for home security. He specifically recommended the installation of door bell and other cameras. Please remember that our Police Department has one officer on patrol at all times, to cover over 330 homes spread out over 3.22 square miles. If you observe something suspicious, please report it to the TPPD at 845 351-4741.

-Requests for Proposals (RFPs) have been published which are seeking bids for repair of the Pond #3 bridge and the collapsing Summit Road wall near the intersection with Ontio Road. The bids will be opened in July.

-Repaving of designated roads in the Village is awaiting the awarding of an Orange County contract for asphalt in July. The Village is permitted to utilize the services of the County-approved contractor without a separate bidding process.

-There are two vacancies on the Village Planning Board. The Planning Board is responsible for approving new subdivisions in the Village. If you are interested in joining the Board and serving the Community, please send me your resume to the e-mail address below.

Best Regards,

Marc
