

**TOWN OF TUXEDO**  
**POLICE REFORM AND REINVENTION COLLABORATIVE**

**All municipalities in New York State have been requested to review their police departments**

**The Town of Tuxedo committee tasked with this effort is seeking community input via an anonymous survey**

**Please let us know about your interactions**

The information gathered from the survey will help the town to better understand the strengths and issues of the department and recommend how to enhance communication between residents and the department

You can complete the anonymous survey several ways:
