## MAKING HALLOWEEN SAFER DURING THE COVID-19 PANDEMIC

- Avoid direct contact with trick-or-treaters.
- Give out treats outdoors, if possible.
- Set up a station with individually bagged treats for kids to take.
- Wash hands before handling treats.
- Wear a mask.

### Wear a mask

- Make your **cloth mask** part of your costume.
- A costume mask is **not** a substitute for a cloth mask.
- Do **NOT** wear a costume mask over a cloth mask. It can make breathing more difficult.
- Masks should **NOT** be worn by children under the age of 2 or anyone who has trouble breathing.
- 

### Stay at least 6 feet away from others who do not live with you

- Indoors and outdoors, you are more likely to get or spread COVID-19 when you are in close contact with others for a long time.

### Wash your hands

- Bring **hand sanitizer** with you and use it after touching objects or other people.
- Use hand sanitizer with at least 60% alcohol.
- Parents: supervise young children using hand sanitizer.
- Wash hands with soap and water for at least 20 seconds when you get home and before you eat any treats.

### Avoid these higher risk activities to help prevent the spread of the virus that causes COVID-19:

- Participating in traditional trick-or-treating where treats are handed to children who go door to door
- Having trunk-or-treat where treats are handed out from trunks of cars lined up in large parking lots
- Attending crowded costume parties held indoors
- Going to an indoor haunted house where people may be crowded together and screaming
- Going on hayrides or tractor rides with people who are not in your household.
- Using **alcohol or drugs**, which can cloud judgement and increase risky behaviors.
